## Council Connection

Recent Council actions from March 17 meeting

- Conducted a public hearing and authorized the preparation of plans and specifications for the Hanson/Oakridge Neighborhood Street Reconstruction Project. The project includes Hanson Road, portions of Robinhood Place and Nottingham Place, and Oakridge Avenue.
- Authorized the hiring of SEH, a consulting engineering firm, to prepare plans and facilitate the implementation of railroad quiet zones at the Lexington Avenue and Victoria Street rail crossings. It is anticipated that the process could take up to six months to establish this quiet zone.
- Approved amendments to the City's tobacco licensing regulations that broaden the definition of nicotine delivery devices and ensure that e-cigarettes are subject to the same licensing regulations as other tobacco products.
